PARTNERSHIPS AND COLLABORATION

The community of Up High borders the Wasatch-Cache National Forest. Most of the National Forest lands are heavily vegetated with native and invasive grasses and native Gambel oak. The oak stands and dense grasses and brush have great potential to create a catastrophic crown fire. Over its 45-year history, homeowners in the community have planted a large variety of pine, fir, and spruce trees. Non-native deciduous trees and other landscaping shrubbery, such as mugo pine and several varieties of juniper, are prevalent in the area as well. This landscaping has created the opportunity for a wildfire to spread from Forest Service land to the residential area.

Up High Community Wildfire Council (UHCWC) is working with the State of Utah, the U.S. Forest Service, and Weber County to implement fuel reduction and evacuation planning. Federal, state, and county representatives have been instrumental in informing and educating the Council about the fire dangers along the urban-wildland interface. Forest Service representatives have also attended several community meetings to explain the highly combustible fuels situation on adjacent public lands. These government agencies have been instrumental in working with the community to identify high-risk areas and treatment priorities, and the Council has worked to inform the community through public meetings and a quarterly newsletter.

UHCWC and the cooperating government agencies have identified several projects which are necessary to reduce the fire dangers along this urban-wildland interface. Reduction of fuel loads and warning and evacuation planning are the highest priorities.

The Forest Service will provide a prescribed burn in National Forest land near the southeast border of the community. This will provide a seven square mile fuel break for the area. They will also provide a thinning treatment on the west side of the burn area; this area is adjacent to homes and contains a dense understory and high density of timber. A combination of mechanical treatments, hand crews, and other innovative maintenance approaches will be utilized throughout both projects.

Weber County Emergency Services has developed an evacuation plan for the community to provide safe evacuation routes out in case of fire. A Reverse 9-1-1 telephone system will serve as the community warning method. The first use of this system will be at the time of the prescribed burn.

These projects have been developed over the past two years with implementation during Spring, 2006. The collaborative efforts of the State, Forest Service, County, and UHCWC have resulted in improved emergency preparedness and reduced fuel load, increasing the security of the residents of Up High.

Acknowledgement: I wish to express my gratitude to Kelly Allen, State Forester, for his constant support, guidance, and advice. Without Mr. Allen's involvement in the Council these projects would not have occurred.

Weber County Commissioners	Name	Number	email@email.com

3. Population

Approximate number of homes: 295

Approximate number of lots: 30

Approx. number of commercial entities: 0

Approximate number of full-time residents: 1100

Approximate number of part-time residents: 0

Approx. visitor population during fire season: 0

4. Estimated Values at Risk

The estimated values at risk of residential and commercial property in the year 2003 are approximately \$85,000,000.00. (Information provided Weber County Tax Assessor data.)

Up High Community Wildfire Council Fire Plan

5. Natural Resources at Risk

The Up High Wildfire Community is located in the southeast corner of Weber County. It borders the Cache National Forest to the east and private acreage, which borders Union Pacific Railroad property, to the southeast. The community lies within Sections 14, 23, and 24 of the Ogden Quadrangle, United States Department of the Interior Geological Survey. Up High Wildfire Community land is on approximately 700 acres of ground divided into about 325 lots. The area has a gain in elevation of 600 feet from its lowest point at the southwest boundary to its highest point on the southeast and north boundaries.

The community is bordered by the Cache National Forest on the east. To the north is the City of Ogden, Shadow Valley Subdivision whose lots are dominated by planned, clear-cut landscaping. To the southwest and west of Up High Wildfire Community are Combe Road and the City of S. Ogden. This area is predominately homes on quarter-acre lots with planned, clear-cut landscaping. The homes in this area are situated down hill from Up High and are at great risk for flooding should the Up High Watershed be disturbed. The southeastern border of the community is acreage owned by a few individuals and slopes down to the Union Pacific Railroad.

A majority of the ground is heavily vegetated with native and invasive grasses as well as native Gambel Oak. Over the 45-year history of building in the area many homeowners planted a great variety of pine, fir, and spruce trees. Non-native deciduous trees and other landscaping shrubbery such as mugo pine and several varieties of juniper are prevalent in the area.

Large animal wildlife commonly seen in the Up High Wildfire Community is deer. Occasionally moose and mountain lions are seen. There are numerous small mammals including rabbits, squirrels, raccoons, and badgers. Many birds frequent and reside in the area. Year round residents include jays, magpies, pheasant, quail, dove, woodpeckers, ducks, hawks, eagles, owls, vultures, and finches.

Watershed, forest products, wildlife, and recreation are all critical elements to Up High Wildfire Community and surrounding areas.

6. Commercial Entities

None as of 03/2006.

7. Formal Associations

12. Restricting Covenants, Ordinances, etc.

Source	Details
Weber County Recorder's Office	There is currently one set of restricting covenants and ordinances, ratified and witnessed by Robert V. Phillips on 08/16/2004, for 43 lots in a 44-parcel subdivision established in 1959 within the Up High Wildfire Community.

13. Insurance Rating

Fire Insurance Rating: Up High Wildfire Community fire rating is 4/5.

14. PHYSICAL DESCRIPTION

A. Access

i. Directions to community:

From S. Ogden, the intersection of Harrison Blvd. and 5600 S, head east on 5600 S. (5600 South curves toward the southeast and becomes Combe Road) for approximately one mile. Turn left (heading north and up hill) on Regency Drive. Regency dead ends on Woodland Drive (which is the southwest border of the Up High Wildfire Community.

ii. All-weather access:

All roads are County roads and are maintained year-round.

iii. Seasonal access:

n/a

B. Roads

Up High Community Wildfire Council Fire Plan

- i. All road signs are present.
- ii. 100% are paved with no known weight limitations.
- iii. Most will support 2 lanes of traffic.
- iv. Some are loop roads.
- v. Some are dead-end roads. Of these, most have adequate turnaround space available at the end of the road for emergency equipment.
- vi. A few roads are one-way only.

C. Driveways

- i. Most driveways width and height clearance, road grades and vegetation appearance are adequate for emergency equipment.
- ii. Few individual homeowners have posted their name and address.

D. Structures

- i. Most are of wood-frame construction.
- ii. Most have wood decks or porches.
- iii. Many have wood shake or shingle roofs.
- iv. Some are visible from the main subdivision road.

E. Bridges, Gates, Culverts, other

- i. There are no bridges.
- ii. All gates provide easy access to emergency equipment.
- iii. There are no culverts.

Up High Community Wildfire Council Fire Plan

F. Utilities

- i. Telephone service is below ground.

Provided by: Qwest Telephone number: 800-244-1111

- ii. Electrical service is above ground with many lines running through heavily vegetated areas.

Provided by: Utah Power Telephone number: 888-221-7070

- iii. There are no homes utilizing propane as a utility.

- iv. Natural gas is the primary utility used for heating.

- v. Primary water sources

Approximately 100 % of homes use central water system.

Approximately 0 % of homes use individual wells.

Approximately 90 % of homes have additional secondary water source.

Water provided by: Up High Improvement District Telephone number: 801-476-0945

Secondary water provided by: Weber Basin Water Conservancy Telephone number: 801-771-1677

Up High Community Wildfire Council Fire Plan

PART II: COMMUNITY PRESCRIPTION

GOALS/PURPOSE OF PLAN

- A. Community will decrease fuels within the community to reduce wildfire intensity and impact in and around the community.

Action	Timeline	Responsible party	Priority
1. Individual lot cleanup and creation of defensible space	Ongoing	<ul style="list-style-type: none"> • UHCWC • UHCWC Board • Utah DNR, Div. of Forestry, Fire, and State Lands 	High
2. Service organization clean-up Events	Semi annually in May and October	<ul style="list-style-type: none"> • UHCWC • UHCWC Board • Utah DNR, Div. of Forestry, Fire, and State Lands • Weber County Fire Warden 	High
3. Community roadside cutting, spraying, reseeding projects	July-Sept 2004	<ul style="list-style-type: none"> • UHCWC • Utah DNR, Div. of Forestry, Fire, and State Lands • local business • Fuels Management Committee 	High
4. Schedule and provide lot assessments by trained personnel	On-going	<ul style="list-style-type: none"> • UHCWC Trained Personnel • USDA Forest Service • Utah DNR, Div. of Forestry, Fire, and State Lands • Weber County Fire Warden 	High
5. Investigate and encourage reduction of fuel along the Union Pacific Railroad line	May-Sept 2004	<ul style="list-style-type: none"> • UHCSC • UHCWC Board • Fuels Management Committee • Weber County Fire Warden • Utah DNR, Div. of Forestry, Fire, and State Lands 	Medium
6. Work with property owners of unoccupied lots regarding reductions of fuels on those properties	Spring/Summer 2006	<ul style="list-style-type: none"> • UHCWC Board • Education Committee • Fuels Management Committee • Weber County Fire Warden • Weber County Commissioners 	High

Notes and Updates: See Appendix E: Other

Up High Community Wildfire Council Fire Plan

- B. Community will work with county, state and federal agencies to decrease fuels on adjacent public land to reduce wildfire intensity and impact in and around the community.

Action	Timeline	Responsible Party	Priority
1. Perform prescribed burn on Forest Service land to reduce fuel load decreasing likelihood of imminent danger from wildfire and damage to watershed.	Spring 2006	<ul style="list-style-type: none"> • UHCWC • UHCWC Board • Fuels Management Committee • USDA – Forest Service • Utah DNR, Div. of Forestry, Fire, and State Lands 	High
2. Cut perimeter fuelbreak situated along the southern border due to heavy fuels and topography—2 miles on private land and 5 miles on Forest Service Land.	Spring 2006	<ul style="list-style-type: none"> • UHCWC • UHCWC Board • Fuels Management Committee • Utah DNR, Div. of Forestry, Fire, and State Lands • USDA – Forest Service 	Medium
3. Thinning treatment on the west side to reduce stem density that otherwise could lead to crown fire traveling into community. Will also improve grouse habitat.	Spring/Summer 2006	<ul style="list-style-type: none"> • UHCWC • UHCWC Board • Fuels Management Committee • USDA – Forest Service • Utah DNR, Div. of Forestry, Fire, and State Lands 	Medium

Notes and Updates: See Appendix B: Maps
 Appendix E. Other

Up High Community Wildfire Council Fire Plan

- C. Community will evaluate, upgrade and maintain community wildfire preparation and response facilities and equipment.

Action	Timeline	Responsible Party	Priority
1. For address and road signs: Collect 3 bids for metal signs with reflective lettering	Fall 2004	<ul style="list-style-type: none"> Finance Committee 	Medium
2. Inspect all hoses and hydrants and generators to ensure/maintain proper working order	Spring 2004	<ul style="list-style-type: none"> UHCWC Executive Committee Weber County Fire Warden Weber County Fire Up High Improvement District Manager 	Medium
3. Identify GPS coordinates of available water sources for fire fighting	Summer 2005	<ul style="list-style-type: none"> Emergency Action Committee Weber County Fire Warden Weber County Emergency Management and Homeland Security Up High Improvement District 	High
4. Ensure water district easement access to all reservoirs and pumping stations	On-going	<ul style="list-style-type: none"> Emergency Action Committee Uintah Highlands Improvement District Weber County Emergency Management and Homeland Security Weber County Commissioners Weber County Engineer 	High
5. Coordinate with Weber County Emergency Management escape routes and other matters of egress	Spring 2004	<ul style="list-style-type: none"> UHCWC Board Planning Committee Emergency Action Committee Weber County Emergency Management and Homeland Security Weber County Fire Warden Weber County Engineer Weber County Commissioners 	

Notes and Updates: See Appendix B: Maps
 Appendix E: Other

Up High Community Wildfire Council Fire Plan

D. Community will help educate community members to prepare for and respond to wildfire.

Action	Timeline	Responsible Party	Priority
1. Education Campaign <ul style="list-style-type: none"> • Brochures • Video tapes • Demo areas • Meetings • Property assessment by fire professional 	June –August 2004	<ul style="list-style-type: none"> • Utah DNR, Div. of Forestry, Fire, and State Lands • Executive Committee • Education Committee • Planning Committee 	High
2. School & Youth community service events (promote fire awareness)	May 2004	<ul style="list-style-type: none"> • Trapper Trail Boy Scouts of America • Weber County Fire Warden • local business 	Medium
3. Production and delivery of quarterly newsletter	On-going	<ul style="list-style-type: none"> • Education Committee 	High
4. Develop and distribute emergency evacuation plans	January 2005 – March 2006	<ul style="list-style-type: none"> • Education Committee • Emergency Action Committee • Planning Committee • Weber County Emergency Management and Homeland Security 	High
5. Encourage and promote use of County and State approved house number signage for all homes in the area	On-going	<ul style="list-style-type: none"> • Emergency Action Committee • Education Committee • Weber County Fire Warden • Utah DNR, Div. of Forestry, Fire, and State • USDA Forest Service • Weber County Engineer • Weber County Commissioners • Weber County Emergency Management and Homeland Security 	Medium
6. Provide training for fire control Lot Assessments	Yearly	<ul style="list-style-type: none"> • Utah DNR, Div. of Forestry, Fire, and State Lands 	Medium
7. Develop plan to identify and educate new homeowners about UHCWC	On-going	<ul style="list-style-type: none"> • UHCWC Board • Planning Committee • Education Committee 	Medium

Notes and Updates: See Appendix E: Other

Up High Community Wildfire Council Fire Plan

E. Community will develop and implement a comprehensive Emergency Response Plan.

Action	Timeline	Responsible Party	Priority
1. Consult with Weber County Emergency Services and develop an evacuation plan with safe areas.	2005	<ul style="list-style-type: none"> Emergency Action Committee Weber County Emergency Management and Homeland Security USDA-Forest Service Utah DNR, Div. of Forestry, Fire, and State Lands Weber County Fire Warden 	High
2. Develop reverse 9-1-1 notification system	2005	<ul style="list-style-type: none"> Weber County Emergency Management and Homeland Security Weber County Dispatch Weber County Commissioners 	High
3. Identify homebound residents or other persons needing additional assistance for emergency evacuation.	2005	<ul style="list-style-type: none"> Trapper Trails Boy Scouts of America 	High

Notes and Updates: See Appendix E: Other

F. Community will actively address identified regulative issues impacting community wildfire prevention and response needs.

Action	Timeline	Responsible Party	Priority
1. Review and update CCRs to reflect wildland urban interface requirements	Winter 2004	<ul style="list-style-type: none"> UHCWC Board Executive Committee Planning Committee 	High
2. Develop weed/brush ordinance	Spring/Summer 2006	<ul style="list-style-type: none"> UHCWC Board Executive Committee Planning Committee 	Medium

Notes and Updates:

G. Community will regularly evaluate, update and maintain planning commitments.

Action	Timeline	Responsible Party	Priority
1. Review community fire plan and update completed projects or input new treatments	Annually in May	<ul style="list-style-type: none"> UHCWC Board Executive Committee Planning Committee 	High
2. Review vegetation maintenance schedule and alter as needed	Annually in the spring	<ul style="list-style-type: none"> Fuels Reduction Committee 	Medium

Notes and Updates:

Up High Community Wildfire Council Fire Plan

PART IV: TECHNICAL ASSESSMENTS

A. Community Description

1. Physical Description

a. Area

Legal description:

Lat 41 9 Long 111 53

USGS Map Quadrangle (optional):

VOR RAD distance (optional):

b. Topography and Vegetation

Slope

Average 20-25 % Range 0 % to 50 %

Aspect (predominate) west (Cardinal direction)

Describe the vegetation in the area:

Native vegetation consists of gambol oak, sagebrush, forbs and grasses. A large non-native component is present with the landscaping that landowners have added around their homes. Ponderosa pine and spruce trees along with several shrubs and grasses make up this component. Fuel loadings are significantly higher than a fuel model 6

c. Water Supply

Ponds / Creeks / other natural water sources:

Type: <u>Pond / Creek</u>	<u>Location / GPS Coordinates</u>	Status: Permanent / <u>Intermittent</u>	Helicopter <u>Access?</u>	Pump <u>Required?</u>	# Gallons or CFS*
NA					

** Ponds: measure 1000's of gallons; Creeks: measure in cfs during fire season*

Hydrants:

<u>Location</u>	Type: <u>Dry / Pressurize</u>	Data: <u>*TP&S</u>	GPM (max.) <u>Output</u>	<u>Comments</u>
See attached map for location Locations will be GPS'd by Sept., 30, 2005	Pressurized	6 inch	1000gpm	

** Thread Pressure and Size*

Up High Community Wildfire Council Fire Plan

Water Tanks / Other available water storage: (underground cisterns, swimming pools, etc.)

<u>Location</u>	<u>Access</u>	<u># of gallons*</u>	<u>Responsible Entity</u>	<u>Phone / E-mail</u>
4 tanks	TBD by Sept 30, 2005	3.1 million	Up High water improvement district	801 476-0945 uhid@qwest.net

** measure 1000's of gallons*

d. Emergency Services / Equipment Capabilities

Describe the types of emergency services and equipment available from local, county, state and federal resources.

911 Services:	County 911 services will provide law enforcement, emergency medical and structure/wildfire suppression resources
Local:	A first response will consist of 2 Type 1 structure engines and 2 type 6 engines. Other suppression resources would be available as needed.
County:	Same as above
State:	1 Type 6 engine with Type IV Incident Commander, also 1 Type 1 hand crew, 2 Type 2 IA handcrews, 1 strike team Type 6 engines, if available.
Federal:	1 Type 3 wildland engine, 1 Type III helicopter, Large air tankers if ordered.

2. Hazard Evaluation

a. Area Fire History - not available at this time

<u>Month/Year of fire</u>	<u>Ignition point</u>	<u>Ignition source</u>	<u>Acres burned</u>

b. Subdivision rating

The subdivision is rated severe for wildfire hazard.

c. Property / Structure Rating

All lots will be rated for wildfire hazard, as arranged by the Fire Council with fire officials and as permitted by the owners. The estimated time of completion for all ratings is Sept 30, 2007 .

Up High Community Wildfire Council Fire Plan

d. Expected Fire Behavior

Describe expected fire behavior. Detailed documentation should be included in the Appendix.

A fire burning in these two fuel types (brush and timber) would be characterized by high rates of spread 40-180 ch/hr with flame lengths of 9-15 feet. Individual tree and group torching would be prevalent with spotting distances of up to .2 miles. See attached Behave Plus runs

B. Community Prescription

1. Fuel Modification Projects

<u>Project(s)</u> (briefly identify)	<u>Timeframe</u>	<u>Person in Charge</u>
Create defensible space around homes and out buildings.	On going	Fuels sub committee
Group purchases of services (chipping, cutting, hauling)	On going	Fuels sub committee
Schedule and provide lot assessments	On going	Comm. Fire Council
Maintenance of project	Annually	Comm. Fire Council

2. Infrastructure Improvements (Utilities, Water Developments, Equipment Acquisition / Repair, etc.)

<u>Project(s)</u> (briefly identify)	<u>Timeframe</u>	<u>Person in Charge</u>
Open and frequent dialogue with Weber County, Wasatch-Cache and state fire officials	On going	Fuels and Planning sub committee
Work with Up High Improvement District to ensure water district easement access to all reservoirs and pumping stations	On going	Infrastructure sub committee

3. Education

<u>Goal(s)</u> (briefly identify)	<u>Timeframe</u>	<u>Person in Charge</u>
Hold informal neighborhood meetings to encourage homeowners to reduce fuels around their property	On going	Education sub committee
Encourage and promote use of County and State approved house number signage for all homes in the area	3 years	Education sub committee
Distribute emergency evacuation plans	Spring, 2006	Comm. Fire Council
Develop a Up High Wildfire Community newsletter	On-going	Education sub committee

Up High Community Wildfire Council Fire Plan

4. Wildfire Response / Pre-Attack Plan

A Pre-Attack Plan should be in place, with a detailed description attached. It should address the following:

<u>Goal(s)</u> (briefly identify)	<u>Timeframe</u>	<u>Person in Charge</u>
Consult with Weber county Emergency Services, law enforcement, state and federal cooperators and develop an evacuation plan	Completed	Emergency Action Committee
Consult with Weber County Emergency Services re:reverse 911 notification system	Completed	Emergency Action Committee

5. Monitoring and Evaluation

<u>Goal(s)</u> (briefly identify)	<u>Timeframe</u>	<u>Person in Charge</u>
Formal meetings will be held no less than six times a year	Every other month	Comm. Fire Council Co-chairs
Minutes will be taken at each meeting. The minutes will include "Action items" to be addressed and reported on by committee members at the next meeting	Each meeting	Comm. Fire Council
The Executive Committee will meet 4 times a year	Every 3 months	Executive Committee
Appropriate use of monies received will be monitored	Quarterly	Comm. Fire Council and Finance Committee
